*Keynote Speaker
Assistant Professor of Epidemiology, Harvard T. H. Chan School of Public Health; Center for Communicable Disease Dynamics, Core Member*

Saba N. Maheen '20
*Al-Nur Muslim Student Association;
Student Photographer, Tucker Center*

ABOUT THE SERVICE

The Baccalaureate Service, conducted under the auspices of the William Jewett Tucker Center for Spiritual and Ethical Life, is a formal component of the College's annual Commencement celebrations. Centered in Rollins Chapel, the inclusive, contemplative and joyful service is open to graduates, their families and guests, and other members of the College community.

The Baccalaureate Service provides a reflective spiritual experience at this significant time of transition in the lives of graduates and their families. Recognizing the tapestry of faith, philosophical, and spiritual paths that are woven into the College's contemporary life, the service reflects many different lenses and voices of the Dartmouth student journey.

Music, prayers, readings, and other contributions to the service represent the breadth of questions and meaningful connections cultivated through study, dialogue, and practice. Campus religious and spiritual leaders who work with student groups begin the service with words of prayer and blessing.

For more information about the Tucker Center, please visit our website: <https://students.dartmouth.edu/tucker/> or email us at Tucker.Center@Dartmouth.edu

Let There Be Peace on Earth

Text: Sy Miller, Jill Jackson, Jan-Lee Music

Acc. by Diana Kodner

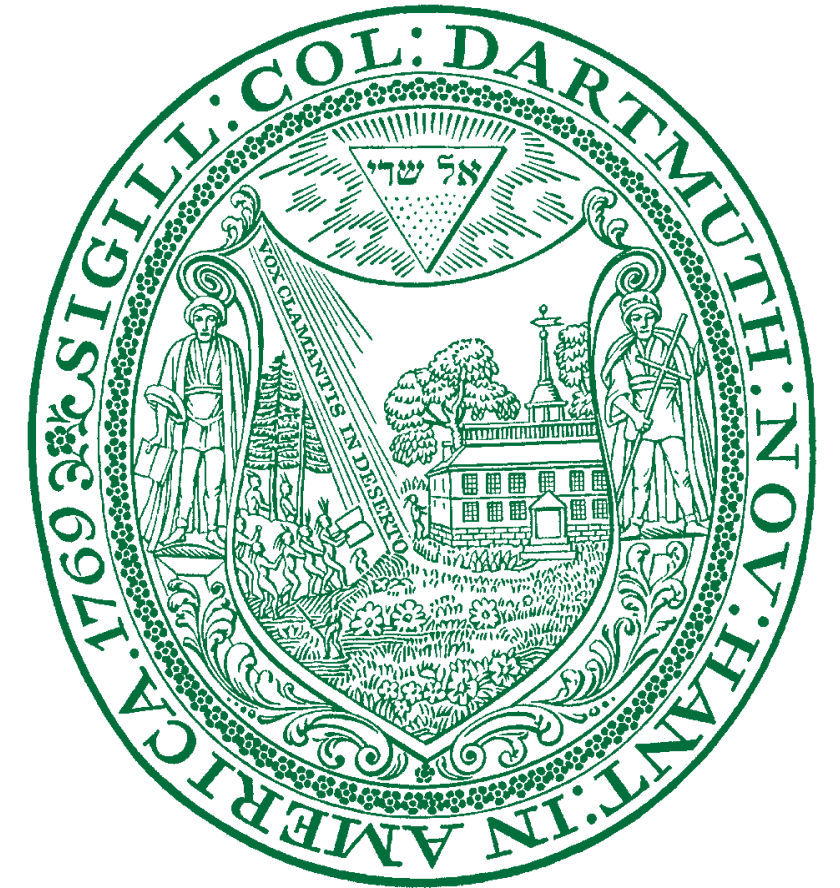

Let there be peace on earth, and let it begin with me.
Let there be peace on earth, the peace that was meant to be.
With love for one another, family all are we.
Let us walk with each other in perfect harmony.

Let peace begin with me, let this be the moment now.
With every step I take, let this be my solemn vow;
To take each moment and live each moment in peace eternally!
Let there be peace on earth, and let it begin with me.

In Memoriam

Kyle Janeczek, Geisel School of Medicine '20

SACRED TEXTS

ਸਤਗੁਰ ਕੀ ਸੇਵਾ ਗਾਖੜੀ ਸਿਰ ਦੀਜੈ ਆਪ ਗਵਾਇ ॥ ਸਬਦਿ ਮਿਲਹਿ ਤਾ ਹਰਿ ਮਿਲੈ ਸੇਵਾ ਪਵੈ ਸਭ ਥਾਇ ॥

“It is very difficult to serve the True Guru. Surrender your head; give up your selfishness. Realizing the Shabad, one meets with the Lord, and all one’s service is accepted.”

Sbri Guru Granth Sahib, page 27

“But Ruth replied, ‘Don’t urge me to leave you or to turn back from you. Where you go I will go, and where you stay I will stay. Your people will be my people and your God my God. Where you die I will die, and there I will be buried.’”

Ruth, 1:16-17 (NIV)

“One who sees multitudes of Israel recites: Blessed are You, Adonai our God, Ruler of the Universe, Who knows all secrets. Why is this? God sees a whole nation whose minds are unlike each other and whose faces are unlike each other, and God, Who knows all secrets, knows what is in each of their hearts.”

Brokhes, Chapter 58a

قُلْ سِيرُوا فِي الْأَرْضِ فَانظُرُوا كَيْفَ بَدَأَ الْخَلْقَ

“Say: Travel through the earth and observe how He began creation.”

Surah Al-'Ankabut [29:20] - Al-Qur'an al-Kareem

BACCALAUREATE SPEAKER

**Michael Mina '06,
MD, Ph.D.**

**Assistant Professor of Epidemiology
and of Immunology & Infectious
Diseases,
Harvard School of Public Health;
Clinical Pathologist, Brigham and
Women’s Hospital/Harvard Medical
School**

Michael is an Assistant Professor of Epidemiology and of Immunology & Infectious Diseases at the Harvard School of Public Health and is a clinical pathologist at Brigham and Women’s Hospital / Harvard Medical School, where he oversees molecular virology diagnostics. He is an Associate Member of the Broad Institute of MIT and Harvard where he has helped to develop one of the nation’s highest throughput testing facilities for COVID-19, which tests samples from across New England.

At Dartmouth, Michael earned his AB as a Senior Fellow studying mostly at Thayer School of Engineering and in biological sciences. In his junior year he moved to Sri Lanka with the support of Tucker to gain experience in a Sri Lankan medical clinic and also to experience living in a Buddhist country. His time there led to a newfound practice of meditation for him which eventually led to ordination as a Buddhist monk.

After Dartmouth, he completed his MD and Ph.D. degrees in the NIH Medical Scientist Training Program at Emory University and post-doctoral work at Princeton University and Harvard Medical School and residency at Brigham and Women’s Hospital / Harvard Medical School.

As a part of his research and through a not-for-profit that he ran for eight years, Michael has spent numerous years abroad in a range of capacities, all related to public health and research towards the same aims.

Recently, his research has taken a turn towards understanding the epidemiology and immunology relating to SARS-CoV-2 (the virus that causes COVID-19) and he has been a nationally recognized scientist in the media and advising state, national and international governments, agencies, and financial institutions throughout the epidemic.
