

September-December Undergraduate Student Alcohol Intoxication Incident Data, 2011-2017

Notes:

Data are inclusive of the months of September, October, November and December. Data include undergraduate students only (i.e., not organizations, graduate students, or non-students).

Alcohol-related incidents with Safety & Security and/or Residential Education data are from Maxient (Judicial Affairs) and S&S reports.

BAC = Blood Alcohol Concentration obtained by Breathalyzer or blood sample.

Data on medical encounters and BACs are from Dartmouth College Health Service inpatient medical encounters and Dartmouth Hitchcock Medical Center Emergency Department encounters for alcohol intoxication.
